

Prayer Calendar

DECEMBER 2021

- In the last year, more than 2 million people studied God’s Word through Bible League’s *Project Philip* Bible studies, Church Planter Training, and Bible-based Literacy. Nearly 100,000 people were trained to share the Good News in their communities. The Lord is doing amazing work!
- Believers worldwide, especially in Asia, face rising persecution. Yet, they are not afraid. Many stand ready to share the love of Christ with their communities.
- Over the next year, people in more than 55 countries around the globe will study God’s Word. Plans are underway to launch ministry for the first time in Pakistan. The Lord continues to create opportunities to draw people to him.
